HOW TO CHOOSE THE RIGHT WORDS FOR YOUR TRIBUTE

With so many beautiful **words to describe your mother**, selecting the perfect ones can feel overwhelming. To make your tribute truly personal and impactful, consider these practical tips:

1. **Think of a specific memory.** Recall a moment that exemplifies her character. What did she do? How did she make you feel? The words will naturally follow from the story.
2. **Consider her unique role in your life.** Is she your mother, stepmother, grandmother, or a

maternal figure? The relationship you share influences the words that best fit.

3. **Focus on her impact on you.** How has she shaped your values, your confidence, or your worldview? Describing her impact is one of the most powerful ways to honor her.
4. **Use a combination of words.** A single adjective is rarely enough. Combine a word describing her personality with one describing her actions for a fuller picture. For example, "my wise and encouraging mother" or "my resilient and nurturing mother."
5. **Write from the heart.** The most touching tributes are not necessarily the most eloquent. Authenticity resonates more than perfect vocabulary. A simple, heartfelt "she is my safe place" can be more powerful than a dozen sophisticated adjectives.
